

May 10, 2018

Dear Residents of Nokomis East Neighborhood:

I would like to take this opportunity to update you on Minneapolis Public Housing Authority's Minnehaha Townhomes development. As indicated in the January 2018 update, MPHA and its team have been working diligently over these past several months to complete the design and bid phases of the project at the corner of Riverview Road and East 54th Street. We have successfully concluded that work and anticipate beginning construction in early June.

We are very excited about this progress, as we are one step closer to providing these much-needed homes to families in our community. To celebrate, MPHA and its partners will be hosting a groundbreaking celebration at the site on Tuesday, May 29.

If you have any questions, feel free to email ContactMPHA@mplspha.org. We thank you for your feedback during this process and your continued support. Your community has made this important housing development possible!

Sincerely,

Laura Dykema, Director of Planning & Development
Minneapolis Public Housing Authority
