

34th Avenue South Reconstruction

October 25, 2016

Project Fact Sheet

The City of Minneapolis proposes to reconstruct 34th Avenue South between East Minnehaha Parkway and 58th Street East. The proposed 1.37 mile long project is scheduled to occur over the course of the 2018 construction season and will consist of improvements to the roadway, sidewalk, and utilities. City staff is currently in the preliminary stages of planning and design for the project, which will be accompanied by community outreach activities that will help inform and guide design concepts.

PROJECT AREA MAP

34th Ave S Reconstruction

PURPOSE

This project encompasses the entire right-of-way and will address deteriorating pavement conditions by reconstructing the pavement surface, installing new curb and gutter, and sidewalks. The project is also planned to include non-ADA compliant pedestrian walkways, needed utility improvements, curb extensions, new signage, and pavement markings. The project will also include trees planted in the boulevard and pedestrian-level lighting.

SCHEDULE

CONTACT

If you would like to learn more about the proposed reconstruction, request additional information, or share your ideas please visit the project website or contact the project team using the contact information provided below.
